

CALLING ALL SDUHSD MIDDLE SCHOOL STUDENTS. . . **FREE SUMMER CAMPS!**

This summer SDUHSD is hosting TWO SEPARATE camps to give middle school students an opportunity to see what is offered at our high schools in the way of Engineering & Robotics. Both Camps are ABSOLUTELY FREE to your student and will be filled on a first come, first serve basis. Take advantage of this exciting opportunity to explore new career pathways and courses before high school! Please note that camps are only available for currently enrolled SDUHSD students.

Engineering and Computer Science Camp with Tony Mauro

June 26-30 from 8am-3pm

Location: Canyon Crest Academy

Room: F101

This five day class is designed to give students an introduction to what Engineering and Computer Science is all about as well as expose them to several hands-on projects to help provide the skills for success in all STEM related classes in middle and high school. Come learn about civil, mechanical and electrical engineering, computer programming and robotics! You'll make new friends and have fun with guest speakers and former students from the Engineering and Computer Science classes offered at CCA.

Robotics Camp with Dr. Samantha Thacker

Session 1: June 19th -23rd 8am-11:55 Monday- Friday

Session 2: June 26th – 30th 8am-11:55 Monday- Friday

Location: La Costa Canyon High School

Room: 900

Are you interested in learning how to program robots? During the robotics camp, you will learn core computer programming logic and reasoning skills using a robotics engineering context. Throughout the week, you will participate in a variety of challenges and will leave with the ability to program Lego Mindstorms EV3 robots to complete a variety of tasks. No experience necessary!
